In the Edge of the Water: Uneven Water Governance in Manado, Indonesia

Rodrigues, Joel, Stockholms universitet 40 000 kr
Indigenous Foodways and Ecologies of Practice in Northeast India

Jennische, Ulrik, Stockholms universitet 78 000 kr
Sovereignty and Self-Reliance in the Financial Frontiers of Ghana

KULTURGEOGRAFI

Landi Duo, Stockholms universitet 25 000 kr
Socially-Ecologically Just Alternative Food Networks: A comparative case study of female small-scale farmers' experiences in Sweden and China

Virgille Dufour, Stockholms universitet 25 000 kr
Non-state collectives and the ongoing negotiations over water provision changes in the informal settlement of Mathare Valley, Kenya

Benoist, Lise, Uppsala universitet 30 300 kr
Far-right environmental activism and the "local": Nature, identity, resistance.

Cohelo-Bandeira, Luisa, Södertorns universitet 18 500 kr
Navigating Deaf Healthcare Landscapes: an Ethnographic Study in Lithuania

Heglund, Freja Mariec, Lunds universitet 23 900 kr
Rethinking lowland soils: Enactments of carbon rich soils in the green transition of Nordic agriculture.

Kronstein, Balint, Örebro universitet 30 000 kr
Powering a (re)volution

Lebek, Karolina, Umeå universitet 17 500 kr
The emotional geographies of migrants' trajectories: migration, emotions and place

Löwgren, Sara, Linköpings universitet 30 000 kr
Relating and responding to climate change in a shrinking rural area in Sweden

Dokbila Mengba, Jennifer, Uppsala universitet 60 000 kr
Gender Relations, Water Access and Water Resource Management in Ghana

Odeo, Jack Ong'iro, Stockholms universitet 30 000 kr
New Transport infrastructures and urban change in Nairobi, Kenya

Sahlström, Emma, SLU 50 000 kr
International migration to rural Sweden – negotiating belonging in sustainable environments

Saltin, Linnea, Karlstads universitet 31 500 kr
VR-användande i svenska hem som en rumslig och social praktik

Shukla, Sarthak, SLU 44 500 kr
A human-geographical lens for Understanding Just Transition in Indian Coalfields: A case study of Korba district in Chhattisgarh (India)

Wallin Fernqvist, Karolina, SLU **80 000 kr**
Bridging the “metabolic rift” through co-creation: an epistemic justice perspective on forested conflicts between farmers, pastoralists, and government in, Kigoma, Tanzania

NATURGEOGRAFI

Axén, Hanna, Umeå universitet **42 000 kr**
Effects of geology and soil type on carbon cycling in pristine boreal forests

Callebaut, Timon, Umeå universitet **48 000 kr**
How quickly do forests recover after disturbances? – Influence of wildfire and clearcutting on understory productivity

Frank, Thomas, Uppsala Universitet **40 000 kr**
Climate, mass balance and radar observations on a glacier – ice cap system in Svalbard and their link to large-scale ice thickness modelling

Urrea, Maria Camila, Umeå universitet **49 000 kr**
Metal-mining’s Geochemical Footprint on Lakes: Does it Reduce Over Time?

Winkowska, Malgorzata, Umeå universitet **37 000 kr**
Linking patterns of riparian forest composition to soil organic matter storage and water chemistry

Picard, Mailys, Lunds universitet **80 000 kr**
Identification, characterisation, and spatial distribution of methane-producing microbes in Swedish lakes

ALFORTSKA PRISET

Betty Ehnvall, SLU **40 000 kr**
Catchment controls on mire properties in the post-glacial landscape

ÖVRIGA

Geografilärarnas riksförbund, Geografiska notiser **50 000 kr**

Sveriges antropologförbund, SANT **13 000 kr**
Stöd till keynote i samband med den årliga konferensen.

Sveriges antropologförbund, SANT **10 000 kr**
Stöd till doktoranders och masterstudenters medverkan i den årliga konferensen

Bea Usman, **75 000 kr**
Spåren från Vitön
